SPEEDY STITCHER

Sews-a-Lock-Stitch Like-a-Machine

The **SPEEDY STITCHER** is the most effective of anything in the form of an Automatic Sewing Awl ever offered for the money. Its simplicity makes it a thoroughly practical tool for any and all kinds of repair work, even in the hands of the most unskilled. With this Awl you can mend harness, shoes, tents, awnings and pulley belts, carpets, saddles, suit cases, or any heavy material.

The **SPEEDY STITCHER** is provided with a set of diamond pointed grooved needles including our special needle for tapping shoes. It also contains a large bobbin from which the thread feeds, all of which are enclosed inside the handle out of the way. This Awl has a tension which enables you to tighten your stitch, and it can be used with or without the bobbin, which saves refilling the bobbin when you have a lot of work to do. These valuable features you will not find in any other Awl. No wrench or screw driver is required to remove the bobbin or tighten the needle in chuck, as is necessary with other makes. The Awl is convenient to carry—always ready to mend a rip or a tear—it is a tool that no practical man can afford to be without.

BLAISE KOLODYCHUK PRESENTS:

THE NANDI BEAR TENANTS

Meanwhile Veltrax, Dorriss' dearest friend and intergalactic space hero from the planet Wolvcha is stranded in the middle of a desert on planet Earth. His spaceship crash landed after a battle above the clouds with the insane serial killer named Sky-Bolt, who uses his high tech Astro-belt to harness the electricity in the clouds and use it against his victims. He can also fly, and has now got away, leaving Veltrax stranded without anyway to contact the outside world. He has made a camp for the night.

When Veltrax awakes the next morning, the desert would be scorching hot, if he wasn't shaded by the large shadow of someone standing beside him.

Veltrax opens his eyes wide and jumps to his feet, he sees a giant amoeba. He pulls out his gun and points it at her.

I don't know who or what you are, but you better explain yourself fast, before I start shooting holes in you.

I mean you no harm, please don't shoot.

What are you doing out here in the middle of the desert?

I am on the run, I saw your camp and thought you could help. I see now that you probably won't.

Probably won't? Of course I'll help if I can, miss. I just don't know anything about you.. I'm kind of on the run myself. Call me Veltrax.

My name is Klor. And I found myself here after being chased across the galaxy by a vicious giant robot who wants to crush me up and use my body as fuel.

This robot.. About 20 feet tall, glowing red eyes, some green stripes on it?

You know my enemy?

Yeah, he's right behind you.

Oh no... not again! I am so tired of running.

No worries, I'll have a chat with this dude.

Hey you, robot!

Yes?

True or false, you wanna crush up that amoeba lady back there and use her body as fuel.

True.

Sorry to hear that.

ZAP

HA HA HA HA HA!

AHHHH!

THWOM

SHWUP!

I'm sure I have a stick of dynamite in my pocket somewhere... oh here it is.

TNT

You are about to...

Gahh..!!

TNT

Please be quiet.

KABOOM!

Thank you so much! I owe you my life!

No problem. Actually, I think I can probably use some of that robot's parts to fix my spaceship and get us out of here, or at least call my friend Dorriss and she could help us out of this mess.

You are a true hero Veltrax, thank you.

Pattee, Dorriss, Naiad and Stensor are piled into one of Forclune's spaceships. They are approaching the Cat Planet.

F24.

❀NOW APPROACHING THE CAT PLANET❀

Now what?

King Fluffy is an old friend of mine, this should be simple. I hope Rick the Head was just being weird.

You never know.. After all, he is a ghost named Rick the Head.

True that Stensor.

This is Space shuttle Forclune 24 requesting to be transported to the palace to see King Fluffy. Tell him it is Pattee and her friends.

HOLD ON WHILE WE CONFIRM YOUR IDENTITY.

I Hope this works the easy way.

YOU WILL BE BEAMED DOWN IN 2 MINUTES. PLEASE MAKE YOURSELVES READY.

That was simple.

I hope it stays that way.

The four of them are soon beamed down directly into King Fluffy's throne room.

Who are you people, and what do you want with me!?

Apparently, not so simple after all.

Fluffy, it's me, Pattee. I'm sure you remember.

I'm sure I don't. What do you want?

I hate to interrupt, but why did you allow us to be beamed down if you didn't know who we were?

It's an automatic system, it must have thought I knew you. But obviously you are just spies.

Spies? Who the hell do you think you are talking to us like that?

I'm the king.

Guards, take these spies away!

We'll see about that!

Dorriss, don't.. Not yet, we don't know what we are dealing with yet.

Take them away!

In the dungeon.

I can't understand why Fluffy is being so insane! Me and him were very close... a long time ago.

I know what's going on.

Please feel free to let us in on your secret Stensor.

Nice. Anyway, I took some readings off your friend Fluffy with my electric eye. He's not so much of a he, as he is an it.

He's a robot?

That explains everything.

In the corner of the dungeon...

That really does explain a lot.

It sure does.

Hello? Who are you guys?

Sorry, I'm Oliver, pleased to meet you. I'm a reporter with the daily catbox.

And I'm Cheemo. I'm Governor General of the Cat Planet. We were both friends of King Fluffy until a couple weeks ago when he seemed to lose his memory and then had us thrown in here because he thought we were plotting against him!

I only wish we were, word is he is planning on starting some kind of war against mars. It's really crazy.

It's horrific to see my friend acting this way. I know now he is only a robot, but still.

We aren't going to let any of this happen. Dorriss, can you manage the door?

With pleasure.

Sweet, is this a prison break?

You better believe it.

KAWHUMPH!

Door, meet Dorriss!

Here come two guards!

No problem!

Meanwhile up in the throne room, the evil robot King Fluffy is just about to go live on a television transmission that will be shown to every cat on the planet...

Okay King Fluffy, we will be live in 3, 2, 1...

CATV

Good evening to the cats of the cat planet. Today is the day we stand up for our rights at cats and show the people of Mars what it means to...

The Doors to the throne room suddenly bursts open!

Stop right there you despicable imposter!

Guards! Stop these intruders!

You won't get away with your evil plans this time!

Stensor directs an energy blast at King Fluffy's head melting away the exterior and leaving only a robot skull!

That isn't the king at all!

Were those cameras rolling?

They sure were!

Good, then the whole world knows the truth.

Point those cameras at me will you please? Hello citizens of Cat Planet. I am Governor General Cheemo, I will be taking control of the cat planet until my friend, and our leader, the real King Fluffy can be found. All aggressive actions towards the planet Mars will be stopped immediately.

Excellent, now we should get out of here and try to find Fluffy.

I have a few ideas. We need to get back to the ship. Oliver, will you be able to help?

How will we do that?

I would like nothing more.

Teleporting now.

And just like that our heroes are gone! To be continued in the next exciting issue of...
